The Fund's work is carried out with the active participation and support of 20 partner organizations operating in 19 countries.

Our mission Our goal is to rebuild Armenia with the help of Armenians around the world. The Armenia All-Armenian Fund is always there where its help is needed most, from infrastructure and economic development to job creation and humanitarian aid in Armenia, Artsakh and the Diaspora. This is our mission and dream, a dream that every Armenian dreams of.

Our History The Hayastan All-Armenian Fund, our central non-governmental organization (NGO), was founded in Yerevan on March 3, 1992, 6 months after the declaration of independence of Armenia.

The creation of this fund was necessary to use the previously uncoordinated donations and financial assistance of Armenians living in all corners of the world for the development of their homeland and the autonomous region of Artsakh (Nagorno-Karabakh) striving for independence, and to use them directly and specifically for the implementation of urgent development programs.

The main goal of these aid programs is the construction, renovation or modernization of kindergartens, schools, orphanages and hospitals, water supply, electricity and gas supply systems, roads in Armenia and Artsakh, as well as the construction of residential buildings in the earthquake-stricken regions.

The German committee Armenia-Fonds Hayastan-Fonds e.V. alone has so far collected more than 3,500,000 euros in donations.
